

# ALEXIS ROMERO MENDOZA

Cd. Juárez Chihuahua, México

(28 years old)

+52 656 778 85 65

[alexis.rm162917@gmail.com](mailto:alexis.rm162917@gmail.com) · [LinkedIn](#) · [Portfolio](#)

I'm working at SPAYT (Sistema de Preparatoria Abierta y Telebachillerato del estado de Chihuahua) in the mornings as IT engineer, and in the evenings, I work partial time at a foreign software development company as react js developer.

## EXPERIENCE

**FEBRUARY 2024 – ACTUALLY (PARTIAL TIME REMOTE)**

**WEB DEVELOPER WITH REACT JS, SOFTWARE COMPANY FREELANCER**

- Development and maintenance of two web applications for a foreign company
- React js, Github, Asana, SQLServer, APIs, CSS, JS.

**FEBRUARY 2023 – ACTUALLY**

**INFORMATION TECHNOLOGY ENGINEER, SPAYT (SUBSISTEMA DE PREPARATORIA ABIERTA Y TELEBACHILLERATO)**

- Web development with JavaScript.
- Maintenance to web page ([spaytchihuahua.gob.mx](http://spaytchihuahua.gob.mx)).
- Technical support, preventive maintenance, configuration of new computer equipment.
- Management database (backups and queries with SQL).
- Automation of processes and reports with Python.

I developed a program with React JS in the frontends and Python Django in the backend that automates data capture processes. This is an example: <https://armcode.github.io/prepa-abierta/>

**ENERO 2019 – MARZO 2023**

**ENGINEERING ASSISTANT, PEARL LEATHER MEXICO**

- Personnel management, training, problems solutions and support to production department.
- Development of visual aids and work manuals.
- Design of automotive sewing, new projects prototypes, cnc machining design, all with AutoCAD 2D

I learned to operate a router CNC machine, and make designs with AutoCAD and Aspire CNC.

**ENERO 2018 – ENERO 2019**

**PRODUCTION OPERATOR, AUTOMOTIVE LIGHTING**

- Automotive lamp assembly.

## ACADEMIC FORMATION

JULY 2017 – ACTUALLY

**COMPUTATIONAL SYSTEMS ENGINEERING**, UNIVERSIDAD AUTONOMA DE CIUDAD JUAREZ (UACJ)

I am working on my graduation project.

2015 – SEPTEMBER 2016

**COMPUTER ENGINEERING**, UNIVERSIDAD AUTONOMA DE GUERRERO (UAGRO)

Truncated career.

## SKILLS

### Frontend Development:

- Intermediate knowledge of React and JavaScript.
- Proficient in HTML, CSS and API consumption.

### Backend Development and Databases:

- Intermediate experience with MySQL and Python with Django Rest framework

### Tools and Development Environments:

- Frequent use of Visual Studio Code and Windows PowerShell for development.
- Version control proficiency with Git and GitHub.

### Project Management:

- Familiar with Asana for task organization and tracking.

### Operating Systems:

- Comfortable working with Windows, Linux, and macOS.

## ACTIVITIES

- Principal portfolio <https://arm-code.github.io/minimalist-portfolio/> I have developed with React and CSS. I have deployed it in GitHub Pages.

## LINKS TO ALL MY PROJECTS
